Watertown, Wisconsin  
Established 1985

## **JAN 2009 NEWSLETTER**

**It is with great sadness that I start this newsletter and talk about one great member who is now fishing in that great lake in the sky. We have lost for now Debbie Simonds who showed tremendous courage and the willingness to fight to the end. Debbie has fought brain cancer for over two years but has gone on to greater glory. Debbie is survived by her beloved husband and fishing partner Mike along with two daughters and a son. Debbie was a very good fisher person and always was fun and a joy to fish with and against. Debbie, I am sure the good Lord will judge you as a keeper.**

**The January meeting will be held at the Watertown Conservation Club on Wednesday January 13, 2009 at 7:00 P.M. It is important that we have a good turnout as we have an amendment change along with a good gauge of members who are rejoining the club. This will be the last newsletter for those who have not let us know their intentions or made payments on their 2009 dues. This is important as we need to send that information on to the federation.**

**The list of tournaments has been selected and will be announced at the meeting so we can begin to prefish the lakes in our minds.**

**I hope and pray that Mike Simonds is on the physical mend as he broke his ankle just before Christmas and had to have surgery for his injury.**

**It is also important to keep praying for Jeff Buchta's grandson who is fighting brain cancer and at 3 ½ years old has shown us all how to live with adversity.**

**Smooth seas don't make skilled sailors.**
