C&R Bass Anglers March 2009 Newsletter

The March meeting will be held this upcoming Wednesday March 11, 2009. The meeting will be held at the Watertown Conservation Club starting at 7:00 P.M.

A large thank you goes out to Dan and the entire banquet committee. Each of them put in a lot of time working to make this year's banquet a successful event. Dan worked especially hard and went well beyond the call in searching out, chasing down and securing some very nice gifts and donations for our raffle.

As a member of the Banquet Committee I know this year's facility did not work out the best for us. Guarantees made to the committee when the facility was booked were not honored resulting in a cramped and noisy setting. Our only other choice at the time was to cancel the banquet. Since that couldn't happen we made due, the best we could with what we had. We hope no one was excessively disappointed.

The March meeting will be a good time to get your money in for the 4-Man, Secret and the year end Classic tournaments. The fees for these events must be paid before you fish your first tournament.

As I write this and look through the window at the snow trying to decide when to shovel, I find myself hoping spring will soon be arriving. The rivers are starting to loosen their grip and now that it is daylight savings time the days will give us hope for an early spring.

A thanks to the expo workers as we were pretty well represented again and the show seemed to have a very good crowd on Saturday and I know we will get a report from Bud on the attendance.

If you know of any potential sponsors, please let Jesse or Steve know as we will need to raise funds for the youth club.

Congratulations to Jesse and his new addition to the family. It is 19 ½ ft Stratus with a 200 Johnson.

Good Fishing is on the way!

Tom Butzine
