

C & R Bass Anglers

Watertown, Wisconsin
Established 1985

Hello Anglers,

The April meeting will be held @ the Watertown Conservation club on Wednesday April 14, 7p.m.

The ice is gone and the temps warming. Get your equipment and boats ready! Steve, Tom H., Cliff?, and probably others are down in Oklahoma putting the hurt on the bass! Lazy Lake is giving up some largemouths with Gerry and Tom B. catching a few when the weather is nice enough for the general. I also heard that Brad has been getting a couple at Lazy.

Tom B. is sounding much better and feeling a little better but a lot of recovery still ahead with therapy twice a week. In the near future the therapy will be reduced to once a week. The young grandson Anderson Butzine is still undergoing kemo sessions weekly to keep the tumour from growing. Please keep the Butzines in your thoughts and prayers.

Hopefully there is a great turn out at this meeting. There are a lot of things to take care of; 1st club tournament, May 8th @ Lake Mendota, details @ the meeting. The cost, just like last year, \$10.00 for the tourn., optional \$5.00 big bass pot, \$20.00 money pot split up depending on how many get in it etc. Also before your first tournament, the classic and secret pots need to be paid. You should also declare your intentions regarding the 4-man tourn. on Big Green Sept. 18 and 19.

Anyone who ordered from the youth club pizza fund raiser, I'd like those monies as well. If anyone needs to know how much they owe give me a call. The pizzas will arrive April 15 with your delivery's or pick-ups April 15 and 16. Thank you to all that helped out with an order, and thank you to all the youths and parents, club members, that gathered orders for the youth fund raiser.

Its time to catch some bass!

Dan
