## C & R Newsletter 7-14-10

Hello Everyone,

Sorry I didn't have time for a better newsletter this month. This month has been a blur and I just now remembered to do the newsletter.

Tonight's meeting, as usual, will be held at the conservation club. We have a lot to go over...results from the Buffalo tournament, the 2 Day Mississippi tournament and we have to draw for our next two tournaments. Big Green Saturday July 24th, and Fox Lake Sunday August 8th.

Let anyone know your intentions on these tournaments if you can not make the meeting!

Thank you to all the adults and youths who helped with the 4th of July parade. It was a good showing by our club and we have already received some positive feedback from the public.

Thanks also to all the boaters who helped out with the youth tournaments this season. The youth Club couldn't exist without your help. I know the kids have a great time and the rest of our club really appreciates your work. It takes a lot of effort to make the Youth Club a success each year and this year has been no exception.

Not enough time in the day!,

Dan
